

CleanLeaf CL2500D-HE

2100 CFM Odor Mitigation & Filtration System

The CleanLeaf CL2500D series was engineered to capture the multiple airborne threats to indoor grow facilities. Designed to be ducted or as an ambient air cleaner, this series has a locking hinged door for easy side access to filters. Mold and fungi spores, bacteria, pollen, pest insects, VOCs and odors are all captured through a series of industry proven filtration technologies. Housed in a 16-gauge Cold-Rolled steel cabinet and finished with a light reflective white Polyurethane Powder Coating, each unit is self-contained for use individually or in groups. All units come with a standard 3 year warranty included on all parts excluding filters.

Unit Specifications:

ACFM	2100
Airflow	Straight Thru
Sound Level	64dBA's @ 5' (on high)
Cabinet	26"W x 28"T x 64" Long - 16GA CRS
Wiring	3 Prong Power Cord 10 feet with Variable Speed Switch Easy set up -- "Plug and Play"
Warranty	3 Years on all parts (not filters)

Technical Specifications:

Grille / Louver	4-Way individually adjustable blades/fins
Finish	White Chemical Resistant Powder Coating
Motor	PSC Type 1hp Direct Drive with Thermal Overload
Power	115V 60Hz Single Phase 8.5 Amps

Included Filters:

- 26" x 26" x 4" - 35% Pleated Pre-Filter
- 26" x 26" x 15" - 95% 8 Pocket Bag Filter
- 26" x 26" x 16" - 99.99% V- Bank HEPA

Standard Features:

- Filter Change Gauge
- Mounting Eye-Bolts (4)
- Internal Silencer

Options:

- Different motor voltages available
